## EXPERIENCE

### GoDaddy, Tempe/Remote - Website Builder 1

May 2020 - Present

Design and build entire robust websites and e-commerce solutions to specific customer goals and desired results.

Build high quality solutions using HTML, CSS, JavaScript & WordPress. Troubleshoot advanced technical escalations using PHP and MySQL as implemented within a CMS.

Implement, monitor and update all proprietary and legacy platforms, Genesis Framework, Beaver Builder Plugin, V6, V7, OLS, and W+M.

Edit images, vectors and create simple automations using Adobe Creative Suite.

### GoDaddy, Scottsdale - Website Specialist 2

Sep 2018 - May 2020

Consult, design, test, and deploy websites for small businesses.

Provide thorough and detailed project communication to builders and GoDaddy customers to ensure minimal errors or delays.

### Freelance, Phoenix - Designer/Developer

Jan 2017 - Aug 2018

Utilize Photoshop, Illustrator, and Sketch to design modern products, graphics and renderings that increase brand perception. Create digital, print, web marketing campaigns and merchandise while pushing my craft to new frontiers.

## EDUCATION

### Western Governors University, *B.S. Software Development*
